

HENDI Jet chefs' torch – set with cartridge

198254

Designed with chefs in mind by Robert Bronwasser. This torch is a pleasure to use thanks to the stylish matt black design with green accents and the ergonomic grip. The torch is easily and securely attached to the gas cartridge (it's possible to replace it after gas runs out) and covers the whole top of the cartridge. The piezo ignition makes it easy to ignite, the large gas dial allows for easy adjusting the flame size and intensity. This chefs torch can operate at every angle, even upside down, thanks to the improved design of the burner that prevents flaring. Precise flame control, up to a flame length of 150 mm. Included in the set: torch and gas cartridge. Cartridges can be purchased separately, code: 199039.
