

Deep fryer 2x4 L code: 205846

Housing and oil tank made of stainless steel.
Frying basket with a heat-insulated, extra-long handle.
2 heating elements of 3000 W each.
Each element has its own power supply, requiring 2 sockets.
Removable element with automatic switch-off when lifted.
Heating indicator lamp showing when the element is operating.

Cold zone to maintain oil quality.
Temperature adjustable up to 190°C.
Security thermostat to prevent overheating.
Overheat protection with reset function.
Removable oil container for easier cleaning.
Frying baskets and lids included.

- + 2 independent 3000 W heating elements allow fast heat-up and efficient frying on both sides.
- + The cold zone improves frying efficiency and extends the oil's lifespan.
- + The adjustable thermostat provides precise temperature control for consistent frying results.
