Coffee distributor code: 207390

Distributor made of stainless steel, for all portafilters with 58 mm diameter.

Grip made of black aluminium.

With 3 angled slopes on the top to evenly distribute coffee grounds in a portafilter.

- + Evenly distributes coffee grounds with one twist
- + Creates a large flat surface for even tamping
- + Made of stainless steel - easy to clean, durable, with a sleek design
- + Fits into any portafilter with 58 mm diameter
