Tools for Chefs

Japanese mandoline Shōgun ## PRO code: 221297

Blades made of Japanese stainless steel SUS 420J2.

Body made of ABS.

Smooth and easy adjustment of cutting thickness: 1-5 mm.

Fitted with:

– flat, built-in blade which can cut very thin, almost transparent slices,

– finger guard/holder made of polypropylene, for protecting fingers and holding down vegetables/fruits during cutting. Not dishwasher safe. Wide cutting surface suitable for large vegetables and fruit.

- + Fast, always consistent and precise cutting into very thin slices
- + Smooth adjustment of cutting thickness
- + Perfect for cutting larger vegetables, such as courgette, cabbage or aubergine
- + Finger guard/vegetable and fruit holder included in the set
