

Potato peeler, 10 kg code: 229217

Peels potatoes using an abrasive disc and peeling pads inside the drum.

Drum, abrasive disc, and peeling pads made of high-quality stainless steel.

Abrasive disc fitted with aluminium alloy agitators.

BPA-free transparent lid.

Powerful motor peels a full load in 2–3 minutes.

Control panel with an 8-minute timer and indicator lights.

Safety micro switch.

Freshwater inlet and drain connection rinse potatoes continuously during peeling.

Peel collection trap consisting of 2 containers, one perforated, helping prevent drain blockages.

Legs are fitted with plastic feet for stability, while mounting plates on 2 legs allow secure floor installation.

Water resistance rating: IP23. Maximum load: 10 kg.

Output: 140–200 kg/h.

- + Peels a full load in just 2–3 minutes.
- + Transparent lid offers clear visibility during peeling.
- + Safety micro switch stops the machine when the lid is opened.
- + Mounting plates on 2 legs allow secure floor installation.
