

Bar blender with sound enclosure, manual code: 230602

Housing made of ABS.
 Jug made of BPA-free material.
 Lid made of polypropylene.
 Removable lid cap made of BPA-free material.
 Replaceable stainless steel blades with titanium coating.
 Pulse function with dedicated control.
 Removable jug withstands temperatures from -40°C to 90°C.
 Jug capacity: 2.5 L.

Overheating and overcurrent protection.
 Suitable for blending fruit, vegetables, cocktails, smoothies, and desserts, as well as crushing ice. Transparent sound enclosure.
 Safety lock system prevents operation without the jug in place or when the sound enclosure is not fully closed.
 Manual control panel with stepless speed control.
 High-speed motor with variable blade speed from 16,000 to 24,800 RPM (without load).

- + Sound enclosure helps reduce noise during blending.
- + High-speed motor reaches up to 24,800 RPM for efficient processing.
- + Stepless speed control makes it easy to fine-tune the blending intensity.
- + Added safety features support secure operation.
