

Stockpot stove, induction code: 237670

Durable stainless steel construction with reinforced frame. Induction cooktop made of 5 mm thick tempered glass, 340x340 mm.

Suitable for woks and induction pots and pans with a base diameter of Ø160-300 mm.

Convenient control knob with 11 power levels.

Heat generated only when compatible cookware is placed on the hob.

Max. allowable cooktop load: 40 kg.

Adjustable feet, approx. 30 mm, for levelling.

Supplied without a plug.

NOTE: Must be connected to the power supply by an electrician.

-  Reinforced construction supports cookware weighing up to 40 kg.
-  11 power levels provide precise control over the cooking process.
-  Large induction surface fits extra-large cookware Ø160-300 mm.
-  5 mm tempered glass cooktop for added strength.
-  Adjustable feet help keep the stove level on the work surface.
