Tools for Chefs

Juice dispenser code: 425299

Transparent juice container made of ABS.
Base made of stainless steel.
Integrated ice cylinder for beverage cooling.
Removable dripping tray.

Non-drip tap.
Suitable for serving chilled juices, water, and other cold beverages.

- + Integrated ice cylinder keeps drinks cool for longer without affecting flavour or consistency.
- + Non-drip tap supports clean and controlled dispensing during self-service.
- + Removable drip tray helps keep serving areas tidy and simplifies cleaning.
