

Chafing dish UNIQ

470442

The UNIQ line is a selection of products for the modern buffet, catering, restaurant, and hotel industries. Award-winning collection designed by Dutch designer Robert Bronwasser. It blends contemporary design with high-quality craftsmanship. Timeless colour palette that complements food and beverage presentation on buffets. Its unique construction and attention to detail make it an eye-catching addition to any buffet.

Body made from high temperature resistant polypropylene. Removable GN1/1 container (H)100 mm made of 18/8 stainless steel, easy to clean. Heating element made from 18/8 stainless steel and placed in the water container for efficient heat transfer. Tempered glass lid fitted with insulated handle and aluminium hinge. Integrated card holder on the lid for product name cards. Digital control panel with display to show working time, set temperature and actual temperature. The design of the two-part lid reduces the heat loss by opening, while maintaining optimal hygienic conditions. The last temperature setting is saved in memory and will be selected every time the power is turned on. Temperature can be set from 35 up to 85°C in 1°C increments. Water container is embossed with a max. fill line, indicating ≈4 L. Not intended for cooking, only for keeping warm. Available in 5 colours that match other elements of the UNIQ collection: white, black, beige, green and red.
