Tools for Chefs

Pizza board with handle code: 505533

Made of compressed wood fibers.

Temperature resistant up to 175°C for 2 minutes, up to 70°C for 2 hours.

The high pressure used during production makes the boards stronger than regular wood.

Maintenance free (no need for oil or bleach).

Handle with a hole to hang the board.

Darkens during use which gives it a natural look.

Dishwasher safe.

- + More durable than regular wood, dishwasher safe
- + Fitted with a convenient large handle
- + Handle has an eyelet for easy storage
- + Can also serve as a charcuterie board
- + Natural wooden colour enhances food display
