

Double timer code: 582046

Housing made of ABS, with a fold-out stand, a hanging hole, and also a magnet to hang on metal surfaces.

3 alarm modes: quiet, moderate, loud.

After the set time passes:

- a red light flashes in each mode,
- also a sound alarm turns on in the moderate and loud mode.

The light and sound alarm turn off automatically after 1 minute.

Possibility to set 2 independent times, with the diode/alarm setting off after each one.

Max. set time: 100 min. with 1 sec. accuracy.

2 functions: counting down (99-0 min.), counting up (0-99 min.).

Memory function: user can save their setting for each of the 2 timers and turn it on with 1 push of a button.

Powered with 3x AAA batteries – not included.
