Tools for Chefs

Cake cooler code: 594032

Made of stainless steel with integrated feet.

Multipurpose:

- for cooling cakes – it prevents gathering excess humidity in the cake as a result of heat vaporization,
- for decorating cakes, for example when pouring glaze or chocolate,

- as a grilling grate and a grate for roasting pan – it makes it easier to flow away the fat from roasted meats,
- as a protection for table worktop on which a hot dish is to be put,
- as a stable base for silicone moulds.

Wire thickness – rim: 3 mm.

Wire thickness – grid: 1,7 mm.

- + Lightweight construction made of stainless steel
- + Many different uses
- + Simple accessory improving work in the kitchen
