

Frying pan Titanium Professional

629390

Made of cast aluminium, suitable for all heat sources except induction and even suitable for use in ovens (up to 250°C). Cast aluminium excels at conducting heat, the pan is quickly ready for use. The handle is made from 18/10 stainless steel and remains cool during use. The Whitford® Xylan non-stick coating has a high temperature resistance (up to 250°C). Adhesion of the non-stick coating is improved by a layer of titanium between the aluminium and the coating. This double-layer procedure improves the service life of the coating and provides additional scratch-resistance. Very easy to clean after use.

Specifications

Suitable for	: Gas stove, Electric stove, Ceramic stove, Food Contact
Not suitable for	: Dishwasher
Non stick coating	: Whitford® Xylan
Nestable	: No
Serie	: Titanium professional
Materials	: Aluminium
Packed per	: 1
Packaging type	: Card
Length (mm)	: 675
Width (mm)	: 420
Height (mm)	: 55
Diameter (mm)	: 400
Base ø (mm)	: 340
Handle length (mm)	: 255
Measurements	: #400x(H)55

Transport specifications

EAN	: 8711369629390
Intrastat code	: 76151010
Gross weight (kg)	: 2.368
Net weight (kg)	: 2.284
Export carton length (mm)	: 675
Export carton width (mm)	: 435
Export carton height (mm)	: 300
Quantity per export carton	: 5
Sales units per pallet	: 75
