Tools for Chefs

Kitchen sink, knee-operated code: 810309

Basin and backsplash made of stainless steel 18/8.
Water flow activated by pressing the knee against the front panel.
Hot and cold water mixer positioned under the front panel.

Supplied with a spout and soap dispenser.
Front panel dimensions: 284x(H)183 mm.
Water connection: 1/2".
Drain hole: Ø50 mm.

- + Knee activation keeps both hands free.
- + Stainless steel 18/8 construction provides durability and simplifies cleaning.
- + Integrated backsplash helps contain splashes around the basin.
