

Vacuum chamber packaging machine code: 975251

Casing and chamber made of 18/8 stainless steel.
 For packing food and technical products, including those with a high water content.
 Transparent lid made of durable high-quality ABS plastic.
 Convex lid and concave bottom.
 V-shaped gasket with a low leak rate.
 Clear indicators (digital display and dial gauge).
 Adjustable pump operation time makes it possible to obtain an appropriate vacuum level in 0-99 s.

Adjustable sealing time within the range of 0-3.5 s.
 Adjustable pump cooling level within the range of 0-9.9 s.
 The packing cycle starts automatically when the upper lid is closed.
 Includes oil pump.
 Pump performance: 167 l/min.
 Chamber dimensions: 280x385x(H) max. 130 mm.
 Can be used with smooth and embossed bags.

-  Suitable for both food and technical products, including high-water-content items.
-  High-quality stainless steel construction and a robust oil pump for long-term use.
-  Adjustable vacuum and sealing times for optimal packing results.
